SITUATION SUMMARY

Significant Activity – Coastal Region

Hollister Freedom Rally, San Benito County

Downtown Hollister will host the Hollister Freedom Rally from July 3 to 5, 2015. This motorcycle rally will bring about 50,000 people to Downtown Hollister. At this time, there are no requests for emergency management state assistance, and the San Benito EOC will not be activated.

Significant Activity – Southern Region

Mudflow, SR 190, Inyo County (New/Final)

The Southern Duty Officer (SDO) was notified by the California State Warning Center (CSWC) at approximately 2130 hours of a mudflow causing the closure of SR 190 between US 395 and SR 136 in Inyo County. The CSWC received this information from a Caltrans bulletin. The SDO contacted Inyo County and CHP and confirmed there were no homes involved or affected and there were no requests for assistance. SR 190 is a two-lane highway that is an alternative route to Death Valley; two detours are available. The mudflow is 100 yards wide near Dirty Socks Springs. Barricades were placed at the closure last night as clean up would not be effective at that time; clean-up is in progress this morning. The highway is estimated to reopen at 1100 hours. Southern Region will monitor this incident.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- Isolated to scattered thunderstorms can be expected over the mountains and desert through today, especially during the afternoon and evening hours. A southeast flow aloft will bring a few thunderstorms into the San Joaquin Valley and adjacent foothills, too. In addition to dangerous cloud to ground lightning which could ignite new fires, thunderstorms may bring gusty and erratic winds, briefly heavy rain and localized flooding over the higher terrain.
- Cal OES conducted a State and Federal Partners Weather/Heat Conference call on 07/01/15 at 0900 hours, per the California Excessive Heat Contingency Plan to advise agencies of the heat-related emergency and to assist them with planning and coordination of response activity during the event.
 - State Agencies and Cal OES Regions have briefed their areas and are monitoring for any heat related impacts.
 - No adverse heat related impacts have been reported at this time.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Monsoonal moisture will continue to produce a chance of thunderstorms to the mountains through this weekend.

Medford Weather:

A slight chance of thunderstorms is forecast mainly for Northern California today. On Saturday, mid-level moisture will be lacking but there could be a stronger trigger in Northern California that could result in scattered thunderstorms later in the afternoon and evening. On Sunday, the best chance for storms will be mainly east of the Cascades and Northern California. Temperatures will remain hot through the weekend and will be near triple digits for parts of the Rogue, Illinois and Shasta Valley and Klamath River Valley.

Reno Weather:

Abundant moisture across the region will bring scattered thunderstorms each afternoon and evening through the weekend. Low pressure developing near the California coast will continue the possibility of thunderstorms through much of the upcoming week. Local flash flooding, frequent lightning and gusty outflow winds will remain the primary threats with these storms.

San Francisco Weather:

Dry weather conditions are set to return today as mid-level moisture moves northward away from the region. A stronger marine influence will return through the weekend with temperatures near or slightly below seasonal averages through early next week.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

A little above normal temperatures will slowly cool to near normal by the middle of next week as high pressure over the southwest U.S. slowly gives way to a offshore low pressure system. Isolated mountain showers or thunderstorms will remain a possibility over the mountains mainly afternoon and evening hours through the coming week.

Hanford Weather:

Warm and muggy conditions with scattered showers and thunderstorms will continue in the central California interior through today as monsoonal moisture flows into the region. Scattered afternoon and evening thunderstorms will continue over the high country of the southern Sierra Nevada through the weekend. Temperatures will remain near to above average during the next few days.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Through the holiday weekend, a slight cooling trend is expected along with a gradual increase in night and morning low clouds and fog across the coastal plain and valleys. For next week, an upper low will slowly approach the West Coast resulting in continued night and morning low clouds and fog as well as seasonable temperatures.

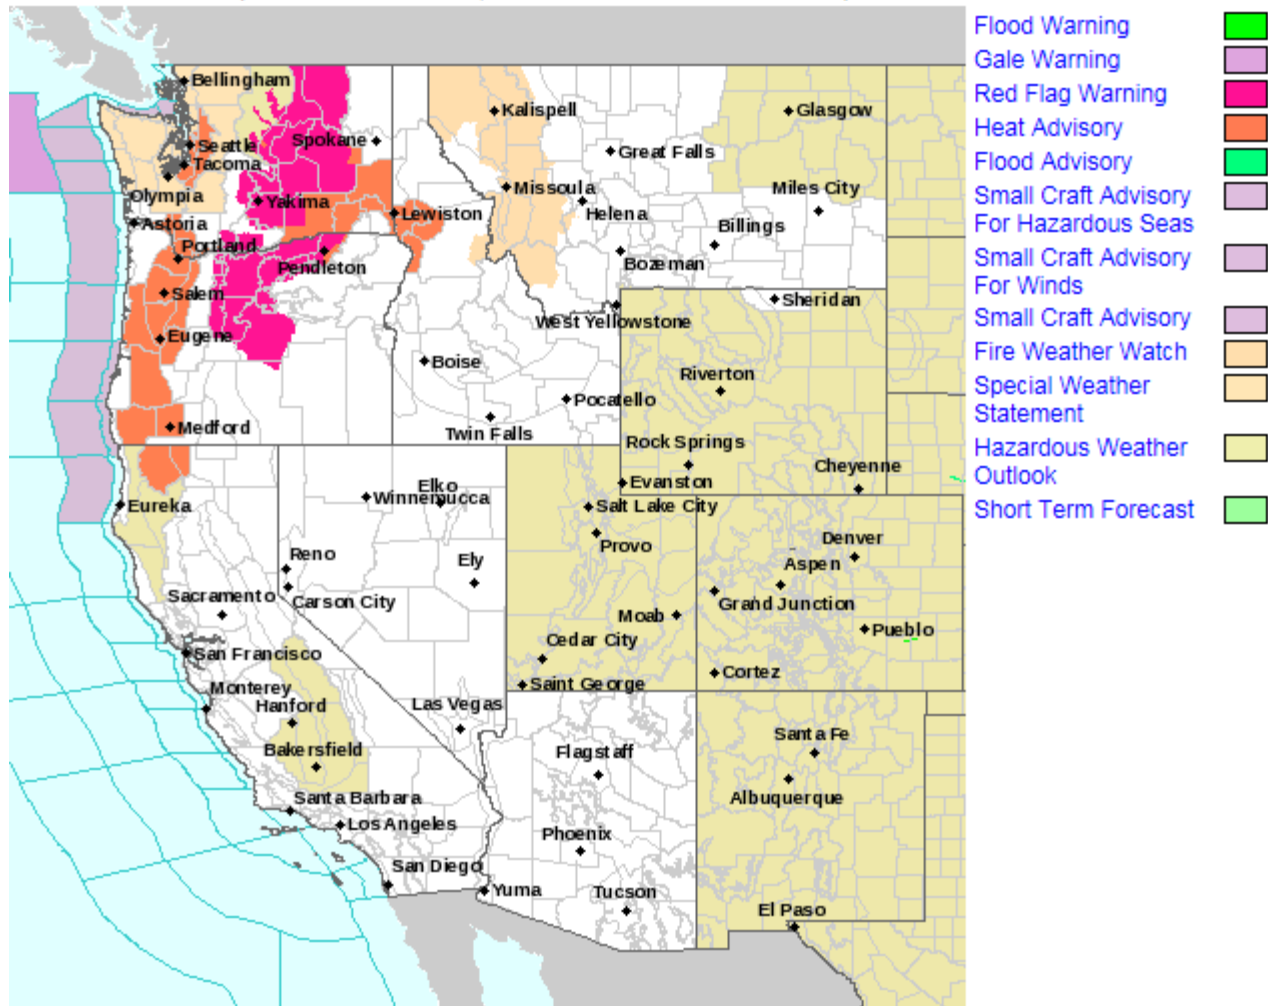

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Drier and turning a little less humid beginning today and continuing through Sunday as the monsoon flow comes to an end. Southwest flow aloft next week will bring a seasonal weather pattern along with a marine layer that will slowly deepen through next Wednesday.

Southeast California Weather:

The forecast area will be partly cloudy and hot today through Saturday. A slight chance of showers and thunderstorms are forecast for Sunday afternoon and evening.

STATE WEATHER MAP

Last map update: Jul, 3rd 2015 at 10:34:08 am MDT

Washington, Vegetation Fire, Alpine County

Location: Near Silver Peak, south of Markleeville, Alpine County

Jurisdiction: Federal DPA, FRA (Humboldt Toiyabe NF, NV-HTF-030251)

Per CAL FIRE and Cal OES Fire Duty Officer, and ICS-209 as of 07/03/15 at 0803 hours:

- 17,790 acres, 90% contained
- Fire activity predominantly fuel and slope driven
- Structure protection plan is in place for Markleeville
- Estimated containment date: 07/31/2015
- Projected Significant Resource Demobilization Start Date: 06/30/2015
- Fire has potential to approach Markleeville, additional threat to wildlife habitats
- Resources: 491 personnel assigned

Structure Threats

- Structure threat has been mitigated
- 1 single residence has been destroyed

Activations

- Alpine County EOC is activated at on call status.

Missions

- **2015-Inland-13708:** Request for (1) Air Monitor to Alpine County.
- **2015-SREOC-13728:** Request for (1) Air monitor to northern Mono County.

SITUATION SUMMARY

SOUTHERN OPERATIONS FIRES

Lake, Vegetation Fire, San Bernardino County

Location of Incident: Jenks Lake, Hwy 38, Barton Flats area

Jurisdiction: FRA

Start Time: 06/17/15 at 1600 hours

Per CAL FIRE, Cal OES Duty Officers and ICS-209 as of 07/03/15 at 0803 hours:

- 31,359 acres, 80% contained
- Structure Threat: Structure threat has been mitigated. Structures Destroyed: 1 single residence and 3 minor structures
- Threat continues to diminish, however, some threat still remains mainly for historical structures
- Fire Management Assistance Grant (FMAG) was submitted on 06/18/15 and after review by Cal OES, does not currently meet FMAG criteria and is on hold at this time.
- Cal OES Mobile Command Vehicle 5266 is assigned.
- Resources: 1,203 personnel assigned

Deployments

- A Cal OES Fire Division Assistant Chief is assigned.

Activations

- San Bernardino County OA EOC at Level 1 Duty Officer status from 07/02/15 at 1730 hours through 07/06/15 at 0730 hours. The Southern Region San Bernardino County Territory Representative will departed the EOC on 07/02/15 at 1730 hours.
- San Bernardino County Department of Public Health Department Operations Center (DOC) deactivated as of 1400 hours on 07/02/15.

Evacuations/Shelters

- None

Medical/Health

- Until Further Notice - The Mojave Desert Air Quality Management District has issued a Smoke Advisory for Yucca Valley and Morongo Valley due smoke from the nearby Lake Fire.

Proclamations

- San Bernardino County updated their proclamation of a local emergency with a request for a Governor's proclamation and a Presidential Declaration of a Major Disaster.

SITUATION SUMMARY

SOUTHERN OPERATIONS FIRES

Lake, Vegetation Fire, San Bernardino County

Missions

- **2015-SEROC-13870:** San Bernardino County Operational Area-Fire Department Office of Emergency Services is requesting Caltrans District #8 deploy three electronic message boards/signs and strategically position one each at the bottom of State Route 18, State Route 330 and State Route 38, which are the entry points for traversing into the San Bernardino County mountains/National Forest. All three electronic message boards/signs are to display the following message: NO FIREWORKS ALLOWED. 06/29/15 at 1515 hours: Cal OES Southern Region verified with San Bernardino County that they do not have their own signs available and that the request came from CalTrans to deploy the signage.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regions (Inland, Coastal, Southern) will consolidate and have one collective OA drought call Monday's at 1100 hours beginning 07/06/15 facilitated by the SOC. Cal OES Director Mark Ghilarducci will hold a statewide OA drought call on 06/29/15 at 1000 hours.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 57 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 11 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County), City of Porterville (Tulare County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

California Specialized Training Institute

CSTI Scheduled Training

CSTI on the web

FEATURED TRAINING:

- **MGT-315 Enhanced Threat and Risk Assessment: 21-22 July, 2015**

The Critical Asset Risk Management course helps participants answer those questions by teaching critical components of risk management. Through a combination of lecture, facilitated discussion, and group activities, participants will learn how threats, vulnerabilities, and consequences determine risk, and are given an opportunity to practice the fundamentals of conducting vulnerability assessments by conducting on-site assessments of select local facilities. Additionally they will identify potential mitigation measures associated with their findings and work together to develop and present a risk assessment report.

- **MGT-414 Advanced Critical Infrastructure Protection: 24 July, 2015**

In this course participants will enhance their skills to formulate considerations for the resiliency of jurisdictional assets leveraging cross-sector partnerships. These considerations will enhance the whole community's ability to manage the risk associated with critical infrastructure protection efforts. The course will implement the National Preparedness Goal by facilitating the development of Resiliency Action Plans, involving all jurisdictional critical infrastructure partners. Upon completion of this course, participants will be able to increase infrastructure owner/operator participation in jurisdictional planning, organizing, equipping, training, and exercising critical infrastructure protection efforts.
